At Epic Journeys, we believe every trip should be extraordinary. Start your adventure today and explore the world with us!

## **Objectives :**

### **1. User-Friendly Travel Planning**

- Provide an easy-to-navigate platform that allows users to book travel services such as flights, hotels, and tour packages with minimal effort.

### **2. Comprehensive Travel Information**

- Offer detailed information on various destinations, including must-visit places, travel tips, and local attractions to help users make informed decisions.

### **4. Seamless Booking Process**

- Streamline the booking process for flights, hotels, and tours, ensuring a smooth, secure, and fast experience from start to finish.

### **6. Customer Reviews and Ratings**

- Allow users to access and provide reviews and ratings for destinations, accommodations, and tour services to enhance trust and transparency.

### **8. Secure Payment Options**

- Offer multiple secure payment methods, including credit/debit cards and digital wallets, to provide users with flexibility and confidence during transactions.

### **10. Customer Support and Assistance**

- Offer 24/7 customer support through email section to help users resolve issues and answer their queries efficiently

## **Project Methodology Requirements:**

### **• 4.1 Questionnaire Structure / Survey Questions**

#### **1. What would be the most important feature you want on the EpicJourney website?**

**Answer:** Easy booking options for travel and simple to access would be my top priority.

#### **2. How do you prefer the website's homepage to be designed?**

**Answer:** I would like a clean and minimalist design with prominent booking sections.

**3. How important is mobile responsiveness for you?**

**Answer:** It's very important! I often plan trips on my phone, so the site needs to work well on mobile.

**4. What kind of service do you need for planning your journeys?**

**Answer:** I need best destination, budget range, types of travel (adventure, leisure), and reviews.

**5. How would you like the booking process to be handled on the site?**

**Answer:** I prefer a streamlined, one-click booking process that shows all necessary information like price, and services provided by company before finalizing.

**6. How important is it for the website to provide customer reviews?**

**Answer:** Extremely important. I always read reviews before booking, so I'd like them to be easily accessible and trustworthy.

**7. Would you like the ability to save multiple itineraries?**

**Answer:** Yes, it would be useful to book trip before making a decision.

**8. How would you prefer the payment options on the website to be handled?**

**Answer:** I'd like payment options, including credit cards, digital wallets

**9. Do you think integrating social media logins (like Facebook, Google) would enhance your user experience?**

**Answer:** Yes, I'd appreciate it. It makes signing in faster and easier, plus it allows me to share my trips with friends directly.

**10. Do you think a services section on trip and destination would be useful?**

**Answer:** yes, it is very important to know our customer that what kind of services we provide due to their journey.

**11. How much importance do you place on visual content, such as photos of destinations?**

**Answer:** Very important! High-quality images give me a much better sense of the destination and help me to decide.

- **4.2 Data Collection**

**Methods of collecting user feedback (e.g., Google Forms, direct interviews, analytics)**

**1. Ease of Use:**

- "I'm really impressed with how user-friendly the website is. Navigating through different sections, like finding destinations and booking options, was seamless and intuitive."

**2. Design and Layout:**

- "The design is clean and modern, which I love. The use of images really brings the travel destinations to life, and the layout feels fresh and organized."

### **3. Personalized Features:**

- "I particularly appreciate the personalized travel recommendations. It felt like the website understood my preferences and suggested exactly what I was looking for."

### **4. Overall Impression:**

"Overall, I'm really happy with the website. It's not just functional but also engaging. If I had to suggest one thing, it might be to include more interactive elements like destination videos, but otherwise, it's fantastic!"

## **Methodology :**

### **5.1 Fact-Finding Techniques**

#### **Surveys and Questionnaires:**

- Conduct online surveys or questionnaires targeting potential users to gather feedback on what features they expect from a travel website. Questions could include preferences for booking, favorite destinations, and desired travel services.

#### **Interviews with Travelers:**

- One-on-one or group interviews with frequent travelers can provide deep insights into user needs, travel behaviors, and pain points. This method allows for open-ended questions to understand user expectations for features like personalized recommendations or easy booking.

#### **Competitor Analysis:**

- Analyzing existing travel websites, such as their structure, features, and user feedback, will help identify best practices, gaps in services, and unique opportunities to differentiate EpicJourney from competitors.

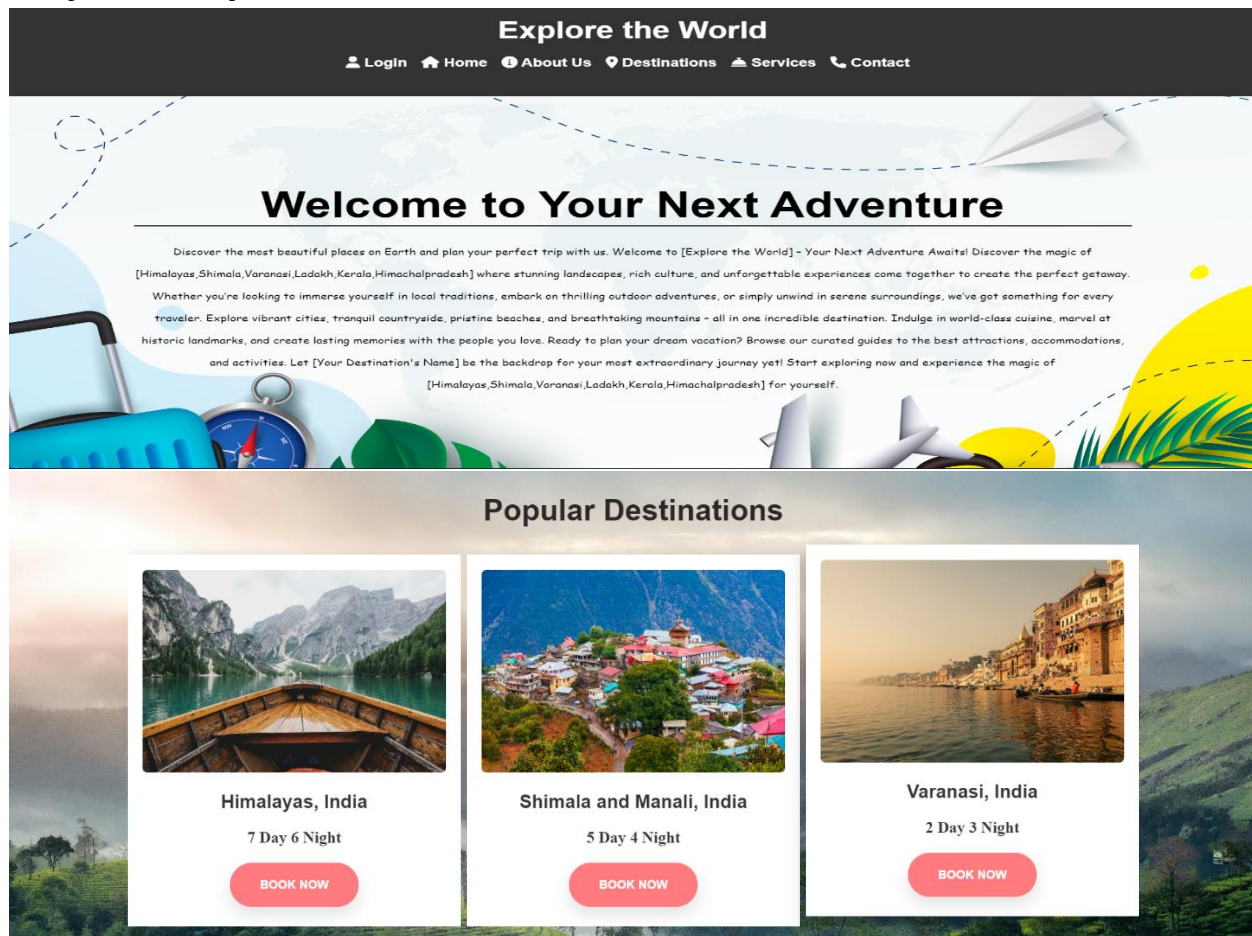

#### **Website Analytics:**

- Use tools like Google Analytics or heat mapping tools on a prototype of the website to track user behavior and interaction patterns. This helps in identifying popular sections, drop-off points, and areas where users spend the most time, guiding further improvements.

### **5.2 Tools Used**

- **HTML, CSS, and JavaScript:** Core technologies for building the structure, styling, and interactivity of the website.
- **Bootstrap:** A CSS framework that helps create a responsive and mobile-friendly design quickly.
- Google Analytics for tracking user behavior
